Government Contracting Master Kit

Version 6 · Tier Pricing + DMV Outreach Targets

This kit consolidates the procurement automation pipeline, paid tier offerings, and a starter outreach roster of agencies, primes and 8(a) firms in the DC / Northern Virginia (Reston / Dulles / Tysons) corridor.

Goal: collapse 120-day procurement onboarding to **45–60 days**.

Owner: Dave Noyes · 100% disabled (Path B Civilian SSDI)

1 · Service Tier Pricing

Use these tiers when quoting kit access, capability statements, and procurement automation services. All prices wired to existing Stripe products.

Tier	Price	Who it's for	What's included
Free Recon	$0	Tire-kickers	Public procurement guide PDF, NAICS lookup
Arena	$0.99/mo	Curious citizens	Live opportunity ticker, daily SAM digest
Starter	$1.99/mo	Sole proprietors	Capability Statement template + 5 saved searches
Pro (★ unlocks Kit)	$4.99/mo	Active bidders	Full Master Kit PDF, fillable forms, tracker, contacts list
Premium	$9.99/mo	Serious 8(a) firms	AI proposal drafting, NAICS auto-match, agency intel
Team	$19.99/mo	Small firms (3 seats)	Shared pipeline board, multi-user procurement tracker
Whale	$49.99/mo	Primes / consultants	White-glove onboarding, custom outreach lists, 5 seats

Kit gating rule: the Government Contracting Master Kit (this PDF), the fillable forms, the procurement tracker, and the outreach contacts list unlock at **Pro ($4.99/mo)** and above. Annual: $49.90/yr (save $9.98).

2 · Procurement Automation Flow

End-to-end sequence — every doc, every gate.

Phase 1 — GATHER

• Confirm legal name, EIN, NAICS primary (541511 Custom Computer Programming).

• Pull bank routing + account, address proof, DOB, SSN.

• Save corporate docs: Articles, Operating Agreement, Cap Table.

Phase 2 — FEDERAL MASTER (SAM.gov)

• Login.gov ID-verify Dave (Path B SSDI).

• Request UEI → submit Entity Registration → 7–10 day wait.

• Set NAICS, PSC codes, size standard, banking details.

Phase 3 — STATE (Virginia SWaM)

• Apply at sbsd.virginia.gov for SWaM (Small, Women, Minority).

• Upload SAM UEI confirmation + ownership proof.

• Adds eligibility to VA agency set-asides.

Phase 4 — FEDERAL SOLE-SOURCE (SBA 8(a) BD)

• 9-year program. Drafts: 3 dated personal social-disadvantage incidents.

• Submit through certify.sba.gov (4–6 month review).

• Unlocks sole-source awards up to $4.5M (services).

Phase 5 — GO TO MARKET

• Capability Statement (1pg) → email batch to outreach list (Section 4).

• Subscribe to SAM.gov RSS feed for matching NAICS opportunities.

• Use AI proposal drafting (Premium tier) for first 3 bids.

3 · Timeline Compression Targets

Step	Industry Avg	PGVA Target	Lever
UEI + SAM Entity Reg	30–45 days	10 days	Login.gov pre-verify, banking ready
VA SWaM Certification	60 days	21 days	Submit SAM proof same day
Capability Statement	2 weeks	48 hours	Template + AI fill
First bid submission	90 days	30 days	RSS opportunity feed + AI draft
8(a) Application	180 days	120 days	Pre-drafted narrative, organized docs
TOTAL to bid-ready	**120+ days**	**45–60 days**	**End-to-end automation**

4 · DMV / NoVA Outreach Roster

Starter list — agencies, primes, and 8(a) firms within ~25 miles of Dulles. Verify each contact at point of outreach (people change roles).

4A · Federal Agency OSDBUs (Office of Small & Disadvantaged Business Utilization)

Subject: Introducing PGVA Ventures — VA-based small-biz IT & AI services

[Contact name], hello —

I'm Dave Noyes, founder of **PGVA Ventures LLC**, a Northern Virginia (Dulles-corridor) small business specializing in **NAICS 541511 (Custom Computer Programming)** and AI-assisted procurement automation.

We're registered in SAM.gov (UEI [your UEI]) and currently in the SBA 8(a) BD application phase. Our differentiator is **cycle-time compression** — we have an internal pipeline that takes a buyer from RFI to bid-ready proposal in < 5 days.

Would [agency / firm] be open to a 15-minute capability brief? Happy to share our one-page Capability Statement.

Thank you,
Dave Noyes · Founder, PGVA Ventures LLC

REALISTIC TIMELINE GOAL

Industry baseline: 120+ days from cold-start to first 8(a) sole-source eligibility, with 80+ owner-hours of paperwork.

PGVA streamlined target: **45-60 days** to a fully bid-ready posture (SAM active + VA SWaM certified + 8(a) submitted), with **under 12 owner-hours** of effort.

Phase	Industry Std	PGVA Goal	Compression Method
SAM.gov registration	10-14 days	7 days	Pre-filled worksheet (Section 2) + login.gov ready
VA SWaM certification	2-4 weeks	10 days	Auto-attach SAM record + SSA letter on day 1
8(a) social-disadvantage narrative	20-40 hrs writing	2 hrs review	AI-drafted from 3 dated incidents you supply
8(a) full submission	60-120 days prep	21 days prep	Parallel-track docs while SAM/SWaM process
First sources-sought response	ad-hoc	weekly	SAM.gov saved-search RSS -> email (Section 9)
TOTAL to bid-ready	**120+ days**	**45-60 days**	**60-65% time reduction**

AUTOMATION LEVERS (already wired or one-click away)

- **SAM.gov RSS** -> Saved searches push opportunities to email daily (zero login).
- **AI narrative drafter** -> Feed 3 dated personal incidents, get 8(a) Statement of Social Disadvantage in 2 minutes.
- **NAICS auto-match** -> Code 541511 pre-applied across SAM, SWaM, and 8(a) forms.
- **Document vault** -> Single source of truth (this PDF + sections.json) regenerates all packets.
- **Capability statement** -> One-page PDF auto-emails to contracting officers from sources-sought hits.

§1. Executive Summary & Path Lock

PRE-FLIGHT

PGVA Ventures, LLC is a 100% disability-owned Virginia LLC pursuing federal and Commonwealth of Virginia contracting work in custom AI software, generative-engine optimization (GEO), and AI-thermoelectric hardware R&D.; Dave Noyes is the sole owner and operator. The company is pre-revenue and qualifies as both Small Business and Micro Business by every applicable size standard.

PATH LOCKED: Path B (Civilian SSDI). Confirmed by SSA Benefit Verification Letter dated April 20, 2026. SSA-determined disability onset of August 23, 2021. Not service-connected; SDVOSB and VA-CVE programs do not apply.

Active certification stack: Self-certified Small Business (auto on SAM), Virginia DSBSD SWaM Disability-Owned (~2 weeks), and SBA 8(a) Business Development (3-6 months). HUBZone is NOT pursued (both addresses outside qualified tracts).

§2. Corporate Identity Worksheet (gather before SAM)

519130	Internet Publishing & Web Search Portals	$30M

§4. Banking & EFT Setup (must precede SAM submission)

STEP 0 - GATHER

All federal contract payments arrive via EFT. The bank account must be in PGVA Ventures, LLC's exact legal name.

Routing Number (ABA)

-> Top of business check, or PGVA business banking app > Account Details

Account Number

-> PGVA business checking statement (enter directly into sam.gov - never share by email)

Account Type Business Checking

Account Holder Name PGVA Ventures, LLC (must match legal name exactly)

§5. STEP 1 - SAM.gov Entity Registration

STEP 1 - FEDERAL REGISTRY

Where: https://sam.gov Cost: Free Timeline: 7-10 business days

1. Open https://sam.gov and identity-verify with login.gov.

2. Request UEI (Unique Entity Identifier - replaces DUNS).

3. Start Entity Registration using Section 2 worksheet (every field is pre-filled).

4. Self-certify Small Business and Disability-Owned during registration.

5. CAGE Code is auto-issued by DLA after SAM completes.

Result: Active SAM record, UEI issued, CAGE assigned. PGVA is now eligible to receive federal contracts and payments.

§6. STEP 2 - Virginia DSBSD SWaM Disability-Owned

STEP 2 - STATE CERT

Where: https://www.sbsd.virginia.gov Cost: Free Timeline: ~2 weeks

Prerequisite: SAM must be active (Step 1 complete).

Certifications requested: [x] Small Business, [x] Micro Business, [x] Disability-Owned Business (PRIMARY), [ ] Women-Owned, [ ] Minority-Owned, [ ] SDVOSB (N/A).

Owner with disability: David Bryson Noyes - 100% owner, sole manager.

Nature of disability: Federal disability per SSA determination dated August 23, 2021. Receives monthly Title II (SSDI) benefits.

Result: Virginia state-agency contracts open immediately on certification.

Required Upload 1	Articles of Organization (VA SCC)
Required Upload 2	EIN confirmation letter (IRS CP-575)
Required Upload 3	Operating Agreement (100% ownership by Dave)
Required Upload 4	SSA Benefit Verification Letter (04/20/2026)
Required Upload 5	Government-issued ID for owner
Required Upload 6	Most recent personal tax return (Form 1040)
Required Upload 7	Most recent business tax return (1065 or Sch C)

§7. STEP 3 - SBA 8(a) Business Development Program

STEP 3 - FEDERAL SOLE-SOURCE

Where: https://certify.sba.gov -> Apply -> 8(a) Business Development

Cost: Free Timeline: 3-6 month review

Prerequisite: SAM active + ideally SWaM in progress.

Eligibility checklist for PGVA: U.S. citizen with >=51% ownership [x], small business by NAICS size standard [x], personal net worth <=$850k excluding primary residence + retirement + business value [FILL Dave confirms], adjusted gross income (3-yr avg) <=$400k [x likely], total assets <=$6.5M [x likely], good character with no felony or defaulted federal debt [FILL Dave confirms], disability-based individualized social-disadvantage showing [x documented].

Required narrative: 3 dated personal incidents demonstrating that Dave's disability has caused social or economic disadvantage in business, education, or employment. Each incident must include date, who was involved, what happened, and the measurable impact on Dave's economic or business prospects. Per Ultima Servicios v. SBA, narratives must be specific, dated, and tied to individualized harm.

Award unlocks: 9 years of SBA mentorship, sole-source contracts up to $4.5M, 5% federal 8(a) goal eligibility, Mentor-Protege Program access.

§8. Capability Statement (deploy after SAM active)

STEP 4 - GO TO MARKET

One-page PDF. Federal Program Managers actually read this. Logo top-left.

CORE COMPETENCIES: Custom AI software (agent orchestration, autonomous workflows, multi-LLM systems); Generative-engine optimization (GEO) measuring brand visibility across LLM answer engines; AI-thermoelectric hardware R&D; (PYRON phone-case prototype, patent pending); Confidential life-support / habitat R&D; (Personal Pod program - TS-cleared briefing under NDA).

DIFFERENTIATORS: 100% autonomous-by-design - every product built and operated by AI agents under solo-founder oversight; Patent-pending IP in thermoelectric energy harvesting (PYRON); 'Honest degradation' engineering doctrine - systems disclose missing data sources rather than fabricate; Solo-founder agility, sub-24-hour quote turnaround.

PAST PERFORMANCE (commercial - federal pending): Unicorn AI Builder portfolio (4 production engines, 124 commercial leads); Round Tables knowledge bank; Stock Pulse / Poke Pulse market-intelligence engines.

POC: David Bryson Noyes, Founder & Principal | noyes.dave@gmail.com | 571-918-1864 | 8401 Mayland Drive, Suite A, Richmond, VA 23294

§9. Sources Sought / RFI Scanning Routine (daily ops)

STEP 4 - GO TO MARKET

How you actually find work after registration is complete.

1. Subscribe to https://sam.gov/opportunities daily digest - free, one click.

2. Filter to primary NAICS (541511) + secondaries.

3. Look specifically for 'Sources Sought' and 'RFI' notices (not solicitations) - these position you as a known capable provider when the actual RFP drops 60-90 days later.

4. Respond within 5 business days with capability statement + 1-paragraph 'yes we can, here's how' tailored to the specific need.

5. Track in spreadsheet: notice ID, agency, response date, follow-up date, outcome.

Realistic conversion math: 1 in 20-50 sources-sought responses leads to an invited bid. 1 in 5-10 invited bids wins. Roughly 100-500 sources-sought responses produce 1 first contract. 6-18 months of consistent daily work for a solo founder. A single Phase I SBIR is $250k cash.

§10. Common SAM-Rejection Pitfalls (review before submitting)

REFERENCE

Address mismatch with IRS records - your EIN letter address must match SAM exactly, character for character. If you've moved since EIN issuance, file IRS Form 8822-B before SAM.

Using a P.O. Box as physical address - also kills HUBZone (moot for PGVA).

Bank account name not matching legal business name - 'PGVA Ventures' vs 'PGVA Ventures, LLC' will fail.

DUNS number - don't worry about it. Retired April 2022 and replaced by UEI, which SAM issues automatically.

Stale annual recertification - SAM must be renewed every 365 days. Calendar reminder for 30 days before expiration.

Notarized letter - no longer required as of 2018. Anyone insisting otherwise is upselling.

§11. Glossary
